## BY BUYING IN JULY WHEAT

While Cudahy and Others Forced the Price of May Down 2 Cents, But Without Effect.

New York, April 15.—Money on call has been easier, ranging from  $\frac{1}{2}$  to 3 per cent; last loan at 3, and closing offered at 3.

Post rate, 4.57%; L.S.O.

Government bonds firm.

State bonds dull.

The stock market was weak and lower today. The dealings were entirely professional and the fact that the selling was mainly for the short account was shown by the active borrowing demand for the Western Union, Missouri Pacific and for some of the industrial shares. The drop of 1% in Western Union was based on the passage of the anti-pol bill by the legislature at Albany. The company has been hitherto enjoying a large share in the transmission of messages in connection with rates.

The transactions aggregated 124,483 shares. The market closed somewhat steadier in tone.

## LOCAL MARKETS.

Trade was quiet yesterday. The quality of onions is rapidly declining, which renders them nearly unsalable, but fine lots are steady, as are also other vegetables in good condition. Fruits are quiet and easy, but without material change in values. Poultry was marketed quite freely yesterday, but remained unchanged.

The expected advance in sugar was not made and it closed firm.

Bananas are a little cheaper and apples are becoming scarce at advanced quotations. Butter is still firm and in demand.

Wheat remained quiet in the local market during the week and closed strong at 65 cents. Maple sugar has found a ready sale and the market has not varied to any great extent during the season. A few lots are still offered. Smoked meats were advanced to cent yesterday.
